Behold the Lord has proclaimed this to the ends of the earth
 And though there's fear in your streets tonight something's already birthed
 A tabernacle is rising right now in the hearts of those who believe
 And there's the sound of a freedom shout rising up from under your feet

Faith is the hope and the substance of things we cannot see
 So worship the Lord as David did and dance yourself free
 There's a glory falling to earth as our praises are lifted on high
 All creation is waiting right now for voices from earth to arise - oh will they arise?

God has placed a watchman on our walls oh America
 Will we come when we hear the call? There's still grace enough to save us
 For my name's sake I'll hold my wrath for my praise I will turn it from you
 Oh God let this be our epitaph that we cried out and cried out to you
